Kirk,

Short note to confirm, Stanley is authorized to proceed on the attached services for design of Sub-Divisions in Phases 1 B and 2B - However - the pricing agreement will follow the proposed Master "per lot price" proposal pending with our firms.

As I have represented, we have scheduled a review of the subject proposal with our President - Gregs Thomopulos for this week and hope to be in a position to present this to you and Jim early next week.

Thanks,

DJF
